Perth

Western Australia

First time visitors seem to gravitate to the Eastern side of Australia in search of the diversity that symbolizes Australia – rainforests, the wineries, the wildlife, the Reef and the deserts and canyons of the outback. What visitors don't realize is that all these symbols can be found in one state – Western Australia.

From the Swan Valley and Margaret River vineyards to the stunning reefs and marine life of Ningaloo Reef, the wild dolphins of Monkey Mia, the amazing "wave rock" at Hyden, the unusual red formations of the Bungle Bungles, the mining history of Kalgoorlie and the perfect snow-white beaches of Esperance, Western Australia really is the "must see" state.

Perth and Area

Cruise the Swan River past parks and skyscrapers to 40 vineyards in the Swan Valley or the Perth Zoo. Visit Rottnest Island, where you can explore history, bike ride to secret beaches and kayak to secluded bays.

Feast on seafood and soak up the carnival atmosphere in historic Fremantle. Discover the lookouts, landscaped gardens and Aboriginal heritage of huge Kings Park. Swim, surf, fish, windsurf and sail on clean and uncrowded beaches such as Cottesloe or Scarborough – and the best part - you don't need to travel more than 90 minutes from Perth.
