

The Ghan train

Cage Dive with Great White Sharks

Boomerang can certainly sell and book any of your Rail Australia travel, but we felt that it was important to look at rail travel as an experience in itself and not just a way to get from one point to another. It is totally stress free – no reading maps and getting lost – no waiting in airports for delayed flights – just sit back and watch the country glide by your eyes. We have created some special itineraries that offer not only a wonderful train experience but also the convenience of having hotels and tours pre-booked.
