

PUERTO MALDONADO

3 DAYS / 2 NIGHTS / 6 MEALS

Travelling to Tambopata National Reserve offers a rare opportunity to discover a lively biodiversity of birds, mammals, reptiles, insects and trees. Record-setting numbers of animal species are concentrated within small areas, and the variety of plant life is greater than almost anywhere in the world. To help you experience the wonder of this magic place.

ITINERARY

DAY 1 PUERTO MALDONADO · RESERVA AMAZONICA

At your arrival to Puerto Maldonado, your local guide will pick you up at the airport. Begin to experience the enchantment of the rainforest as you take a 45-minute boat ride along the *Madre de Dios* River, to arrive at Reserva Amazonica lodge. After a short briefing, settle into your beautiful *cabaña* and enjoy your lunch in the dining room. Take a siesta, share a refreshing tea time and get ready for the afternoon excursion.

On your first day, your local guide will recommend a walk along the Trail system, into the Inkaterra Reserva Amazonica natural area, where you will discover the Amazon Basin. This trail offers an excellent introduction to the forest environment, winding past impressive trees such as the Shihuahuaco, and the strangely beautiful strangler fig, offering excellent opportunities for bird watching and observing exotic insects. Your guide will also recommend, on the first night, to participate on a Twilight River excursion, a guided afternoon boat ride on the *Madre de Dios* river. Witness the transformation from a diurnal to a nocturnal world: animals and birds of the daytime give way to species specially adapted to the night. As you enjoy their paradise, you will learn about their habits, while you search for nightjars, owls, capybaras and up to three different caiman species.

Enjoy dinner served in the main dining room from 7:30 p.m. to 9:30 p.m. After dinner, you may retire early to your own cabana, or share your experience of life in the rainforest with other guests and interpreters, as you listen to the intriguing sounds of the jungle at night. Overnight

DAY 2 RESERVA AMAZONICA

Rest in bed or rise early. Breakfast begins at 5:30 a.m., for those who want to avoid the heat, and enjoy nature at its fullest. A full buffet breakfast is served from 5:30 a.m. to 9:30 a.m. This morning you may visit the Lake Sandoval excursion into the Tambopata National Reserve. Glide in a wooden canoe, across a beautiful, mirror-like oxbow lake that is home to the endangered giant river otter, as well as red howler monkeys, red-bellied macaws, anacondas, side-neck turtles and black caimans. Return to the lodge for lunch. After lunch, consider the remarkable Canopy Walkway. Ascending the first tower, 29 meters above the forest ground, you begin your encounter with the treetop realm. For more than a quarter of a mile, you will literally walk through the rainforest canopy on a suspension bridge network linking eight observation platforms. During this hour-and-a-half expedition, be on the lookout for colorful toucans, woodpeckers, trogons, monkeys, and sloths. If you wish you may extend your excursion and appreciate the sunset from one of the towers. The excursion finishes by returning to the lodge. Once at the lodge, enjoy the daily nature presentation in the Eco media Center. Dinner starts at 7:30 p.m. overnight.

DAY 3 RESERVA AMAZONICA · PUERTO MALDONADO

Enjoy a full breakfast before departure. A 45-minute return trip by boat on the *Madre de Dios* River takes you to Puerto Maldonado; then you will be transferred to the airport or to your hotel.

Note: All itineraries are subject to change, due to weather and other conditions. All times indicated are approximate, and are also subject to change.
