local workers. In 1976 Chris Kelleher, himself a mill worker, bought the old mill property. Within a short period of time Chris and his family transformed the mill into what is perhaps the largest quality craft shop in Ireland. (B)

### DAY 4 KERRY - KILLIMER - BURREN - LIMERICK

Travel northwards to Tarbert and take a short boat ride across the mouth of the River Shannon to land on Clare's shore at Killimer. Travel along the coast to the Cliffs of Moher, the most majestic cliffs in Ireland which rise from the Atlantic Ocean and extend for over 7km. On a clear day, you can admire the Aran Islands and Connemara Mountains. The cliffs reach their highest point just north of O'Brien's Tower, built by the descendants of Brian Boru to entertain his lady friends. Atlantic Edge is the exciting new interpretive centre built into the natural landscape in the cliffs. Enjoy a tour of the Burren Region. The Burren is a strange and unique region in Europe. It is a high plateau of porous limestone situated in Northern Clare. The

limestone is bare with no trees growing here or land covering the stone. But the Burren is not as deserted as we believe: the cracks allow different types of flowers to grow all year round. The rocks hide many caves like Ailwee as well as "Turloughs", an interesting phenomenon which transforms lakes into fields during the summer. Continue to Limerick. (B)

**Accommodation: Limerick for 1 night**

***Optional:** Medieval Banquet at Bunratty Castle or similar - Supplement of € 55.00 per person. Bunratty Castle was built in the 15th century by the Earl of Thomond and stands on the banks of the Raite River in County Clare. The entertainment today is provided by the superb Bunratty Singers and is a fitting compliment to the lively mead reception, a four-course meal and of course, good wine. **DAY 8 DONEGAL - DERRY - BELFAST**

This morning depart Donegal and travel along the Antrim coast to Belfast, visiting the Giants Causeway en route. The Causeway was formed more than 60 million years ago when red-hot lava erupted onto the surface of the earth & was cooled by the sea to form the columns which make up the Giants Causeway. Legend tells a different story however that Finn Mac Cumhail built the causeway over the sea to Scotland in order to fight his arch enemy, Fingal, who had started his own path. The two had never met before & when Finn heard the heavy footsteps of Fingal he turned back. Helped by his wife, Finn dressed up as a baby & when Fingal arrived & saw Finn, Fingal assumed the baby's father would be much bigger. This scared him & he went running home, destroying the

causeway behind him. Next stop at the Dark Hedges. This beautiful avenue of beech trees was planted by the Stuart family in the eighteenth century. It was intended as a compelling landscape feature to impress visitors as they approached the entrance to their Georgian mansion, Gracehill House.
